

Benchling

Webinar

Benchling Webinar Series for iGEM Teams

1. Introduction to the Benchling Platform

Tuesday, May 5 • 1:00 pm – 1:45 pm PDT

Come learn about Benchling, a cloud-based platform for iGEM teams to centralize, standardize, and collaborate on their data.

2. Mastering Benchling Notebook

Tuesday, May 19 • 1:00 pm – 1:45 pm PDT

Whether you're a new or existing Benchling user, join us to learn how to master Benchling Notebook. We'll show off advanced Notebook features such as "Benchling Sync," an exclusive benefit to iGEM teams.

[Webinar 2: https://events.benchling.com/igem2/igem](https://events.benchling.com/igem2/igem)

3. Mastering Benchling Molecular Biology

Tuesday, June 2 • 1:00 pm – 2:00 pm PDT

Interested in the capabilities of Benchling Molecular Biology? We'll demonstrate a molecular cloning workflow on Benchling incorporating advanced tools and even using the iGEM Parts Registry.
