

**Gene Circuit**

**Participants: Caius Gibeily, Laurence Seeley**

Discussed possible kill switch mechanisms in terms of the safety form and how it may need to be changed to ensure the safety of the user.

### **General Human Practice**

**Participants: Megan Fletcher, Poli Foteva, Isobel Guthrie, Yaxuan Kong, Soo Bynn Lee, Bradley McCallion, Anneleen de Rooter, Caius Gibeily, Laurence Seeley**

Discussed forum ideas adding some topics to the project. Tested zoom in preparation for Friday UK iGEM meetup – discussed host options and breakout rooms. Created a powerpoint about the project ideas. Continued to look at ethical approval for the Hawaii case study. Continued to edit the promotional video script.

## **Modelling**

**Participants: Isobel Guthrie, Yaxuan Kong, Bradley McCallion, Poli Foteva, Caius Gibeily, Laurence Seeley**

Caius and Laurence wrote down preliminary equations describing post-segregational killing mechanism. Team discussed further how the environmental modelling would work and how a model might predict the number of Hawaii tourists in 2030 as well as other data we would require.
