

Gene Circuit

Participants: Caius Gibeily, Laurence Seeley

Found a promoter for shinorine production from previous teams (LacP'). Further observed an article on the microbiome of the sea and the bacterial composition on the skin after exposure to this water changing dramatically after only 10 minutes of exposure.

Video

Participants: Laurence Seeley, Poli Foteva, Isobel Guthrie, Yaxuan Kong, Bradley McCallion, Anneleen de Rooter, Caius Gibeily, Laurence Seeley

Began writing script for iGEM promotional video, reviewing other promotional videos to gauge spoken languages.

Funding

Participants: Laurence Seeley, Poli Foteva, Isobel Guthrie, Yaxuan Kong, Bradley McCallion, Anneleen de Rooter, Caius Gibeily, Laurence Seeley

Created a genscript picture.

UK iGEM meet up preparation

Participants: Laurence Seeley, Poli Foteva, Isobel Guthrie, Yaxuan Kong, Bradley McCallion, Anneleen de Rooter, Caius Gibeily, Laurence Seeley

Continued discussion about hosting the UK iGEM team meet up.

Modelling Tutorial

Participants: Poli Foteva, Isobel Guthrie, Yaxuan Kong, Soo Bynn Lee, Bradley McCallion, Anneleen de Ruiter, Caius Gibeily, Laurence Seeley

Held an internal maths-bio tutorial to help mathematics students with biology surrounding iGEM.

Environmental Modelling

Participants: Poli Foteva, Isobel Guthrie, Yaxuan Kong

Continued to data collection for environmental modelling.
