

Graphic Design

Participants: Megan Fletcher, Isobel Guthrie, Bradley McCallion, Anneleen de Ruiter, Caius Gibeily, Laurence Seeley

Started to animate the preliminary logo.

Modelling

Participants: Poli Foteva, Isobel Guthrie, Yaxuan Kong, Caius Gibeily, Laurence Seeley

Identified relevant papers with information about different chemicals in sunscreens. This helped to inform the app database and the draft list of harmful chemicals.

Wiki

Participants: Issac Li, Yaxuan Kong, Bradley McCallion

Used HTML and CSS to create a basic prototype of the Wiki page. Designed UI templated for the wiki page using Gravit and Figma. Used Gravit and Figma to design UI template for the wiki page and researched UX features that could be incorporated into the wiki page.
